

# 15" Color Monitor

## SMC-152FP

### Features

- 15" Flat CRT, 0.60mm stripe pitch, 90° deflection
- Max. 400 TV lines of horizontal resolution
- Looping Through BNC connectors for 4 video inputs/1 output(SMC-152FP)
- Looping Through BNC connectors for 1 video input for VCR
- Looping Through RCA connectors for 4 audio inputs/1 output(SMC-152FP)
- Looping Through RCA connectors for 1 audio input for VCR
- Auto sequential switching function(SMC-152FP)
- Auto skip & time adjustment(SMC-152FP)
- Maximum 1.5W speaker output
- World wide multiple system(NTSC/PAL)
- Automatic 75ohms termination
- Metal cabinet
- Menu control(On screen display)

# Video Security Systems

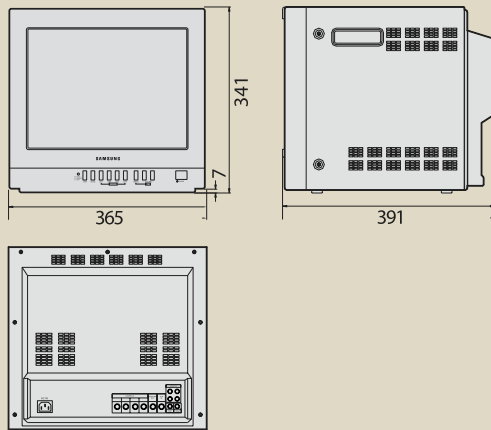

## SMC-152FP

### Specifications

|                                |   |
|--------------------------------|---|
| <b>Model</b>                   | <b>SMP-152FP</b>  |
| Picture Tube                   | 15" CRT, 0.60mm Stripe Pitch, 90° Deflection                        |
| Horizontal Resolution          | More than 400 TV Lines (Max.)                                       |
| Input Signal                   | Composite 1.0Vp-p   |
| Video Input                    | 4 BNC(SMC-152FP) 1 BNC for VCR                                      |
| Video Output                   | 1 BNC(SMC-152FP)  |
| Audio Input                    | 4 RCA(SMC-152FP)  |
| Audio Output                   | 1 RCA(SMC-152FP)  |
| Subcarrier Frequency           | 3.579545 MHz ± 500Hz (room temperature)                             |
| Sync. Range                    |   |
| Horizontal Frequency Stability | 16.25 KHz ± 500Hz   |
| Vertical Frequency Stability   | 50 Hz ± 4Hz   |
| High Voltage                   | 24KV ± 1.5KV  |
| Environmental conditions       | Operating Temperature -10~ 40°C<br>Operating Humidity Within 90% RH |
| Power Requirement              | AC100~240V, 50/60Hz   |
| Power Consumption              | 62W   |
| Weight Approx                  | 13.0Kg  |
| Dimensions(W X H X D)          | 365 X 341 X 391mm   |
